Chapter End Notes

this is slightly_insane_soup's idea with jamiejam's addition!

SO there was an overwhelming amount of support for both a romantic (which techno I think just said shipping was cringe, and if he says more I'll without-a-doubt not go that way) and a queerplatonic relationship, so I will be going one of those routes, and I am going to clear up some stuff about both of them

basically, both relationships would be secret, and they likely wouldn't be implemented until either later on in the story, or they'll be introduced and just kept under wraps for a while. the harem is the main focus of the fic and will continue no matter which direction this goes, there'll just be like dramatic irony where the reader knows dream and techno are together in some way, but it would only interfere with the harem at the, like, very end of this fic, since I do need /some/ way to end it (not anytime in the distant future!!)

and I hate to do this /again/, but knowing more information about what I plan to do, would you guys rather have a romantic or a queerplatonic relationship between techno and dream?

in conclusion: the harem will continue to be the focus of the fic, and whether the two

have a romantic or queerplatonic relationship won't interfere with anything, and will likely only be talked about occasionally, and I have to ask /again/, since there's more info, which relationship would you guys rather see?

as always, leave suggestions down below!!

Dream: but what if they're like best friends, or even *boyfriends*, and techno doesn't talk to me any more because he's too busy

what if I get replaced

Niki: i'm sure techno could never replace you

i haven't laughed this much in way too long

Dream: can you please stop laughing at me

I know it's pathetic

Technoblade: no dream you don't get it, this is pure gold

Dream: it's not funny technoblade

I am going to block you if you don't stop laughing at me

Technoblade: do it, i'll just go hang out with grian

Dream: .

Technoblade: okay okay sorry i'm stopping now

...

you did *not* actually block me

[Technoblade > Ranboo]

Technoblade: can you tell dream to unblock me i need to tell him something important

Ranboo: uh

I mean i'll try but he just kicked me and tubbo out of his room and said that he'd be in there for the rest of his life or something

Technoblade: of course he did

[Dream > Technoblade]

Dream: what is it technoblade

Ranboo said you were dying and if you're not then i'm blocking you again

Technoblade: listen dream i just don't understand why you're jealous

Dream: because you obviously like grian more than me! which is fine, it's whatever, i'll just go get another best friend or something, but it's not fun when you aren't your favorite person's favorite person

Technoblade: why do you think i like grian more than you

Dream: because you let him call you tech immediately and it took *months* for you to let me say it, and you canceled our plans to hang out with him, and wilbur said you've never seemed happier than when grian was added, and everyone's acting like you two are longtime lovers that've been separated for a decade or something and

it's fine you can like him more than me i don't care

Technoblade: dream you are an idiot

Dream: yeah, i know.

you get one more message and then i'm blocking you again so you can focus all your energy on grian and i can start the search for a new best friend

Technoblade: alright first of all: i'm sorry for continuing to laugh at you even when you said not to, second off: grian has been one of my closest friends since i was like eight and we most certainly are *not* dating, third off: you're still my favorite person in the world, and i wouldn't have scheduled anything with you if i knew grian was coming, i just miss talking to him face to face

also wilbur's just being exaggerative, you should've seen me last weekend when you fell asleep on my shoulder when i was reading to you

do you really think i'd let just anyone beat me in fencing and get away with it? you're clearly special to me

I love you, dream, i hope you never forget it again

Dream: techno i am going to cry

you're the best

I love you too!!!! so much

also you can hang out with grian this week cause a) i don't control you, b) you haven't seen him in a while, and c) he doesn't get the title of techno's favorite person which is literally the best title one could have

Technoblade: ...

you're such a simp

Dream: you wound me technoblade i was being nice

Technoblade: ...

love you

Dream: i love you too!!!

[Technoblade > Grian]

Technoblade: grian i'm gonna add you to the gc with me and wilbur and phil cause that's all you're probably gonna talk to in the main chat anyway

Grian: works for me

Super Secret Chat, Don't Tell Technoblade

arson my beloved: WHAT THE FUCK?!?!?!?

me perdonas?: ok why is he mad at us

musician man: oh i don't know maybe because you guys are IDIOTS

literally built a town once: you can't say we didn't tell you this was a bad idea

George: it's quackity actually

Dream: ...

I will block george too don't test me

George: NOOOO i seriously want to apologize

but i don't know what I did wrong

Dream: one sec

okay techno said i can tell you this because “feelings are cringe” apparently

so essentially techno hates being called emotionless or apathetic and he still feels *really* bad about accidentally blinding you and he was already having a shit day and then that whole thing happened in the group chat and it made everything worse

George: oh shit

i’m sorry dream if i knew he was actually hurt i would’ve stopped

Dream: you shouldn’t be apologizing to me

George: shit you’re right

can i share what you said to me with sapnap?

Dream: let me ask

okay techno said sure so go ahead

but just so you know, if this ever happens again, i will find you and make you regret ever waking up that morning :)

George: noted

thank you dream

[Quackity > Technoblade]

Quackity: technoblade

i am sorry

I feel terrible about saying that stuff and i should’ve listened when you said stop

i’m sorry again

Technoblade: thanks quackity

Quackity: it will never happen again and if it does then dream already promised to kill me so

Technoblade: of course he did

Quackity: and also sorry for kinda suggesting that you don't have friends just to have friends

Technoblade: it's fine quackity

okay dream just glared at me

I guess it's not fine but i forgive you

Quackity: YES!! thank you techno

Technoblade: no problem

also sorry again for blinding you

it was a complete accident even if you don't believe it

Quackity: nah it's fine i accept your apology cause have you seen how sick the scar is

Technoblade: it does look cool i'll admit

[Dream > Quackity]

Dream: your scar looks attractive, Q!

also thank you <3

Quackity: !! dream my beloved!!! thank you!!!

Super Secret Chat, Don't Tell Technoblade

me perdonas?: DREAM CALLED ME HOT EVERYONE HAHA SUCKERSSSS

fox boy (derogatory): don't know how we went from dream blocking quackity to calling him hot but alright

CHILL out everyone: what did he do

dream's phone is powered off so you don't have to worry about him seeing it and crying again

i'll kill you all one day. : He fucking

Dream said that on monday jared kept calling him a slut and said that the only thing he's useful for is sex, and that people only talk to him to get into his pants, and he needs to "start covering himself up to not be seen as an object," and then he tried to touch dream's thigh cause he was wearing that short dress on monday and didn't listen when dream told him to stop and only listened when dream stabbed his pencil into his hand.

So Dream didn't wear skirts and dresses for the rest of the week, but Jared still didn't listen and kept repeating that dream will "never be more than a whore" and kept saying he could "put him in his place."

Then, Dream tried to continue but started tearing up again.

I don't know what else Jared said or did but I've heard enough.

me perdonas?: what the fuck

musician man: i hate to tell you phil but you won't stop me from actually killing him this time

peepaw: oh don't worry i'm not going to stop you

in fact, i promise none of you will get in trouble

i'll kill you all one day. : I should've known. Dream's been weird all week and wouldn't tell me what was wrong, but I should've suspected fucking Jared.

CHILL out everyone: don't beat up yourself techno, you couldn't have known

also can someone document what's happening cause i want to be updated while Dream sleeps

tall child: i'll do it cause techno won't let me punch jared cause i "got injured during gym" yesterday

i'll kill you all one day. : you broke your wrist

tall child: why can't i kick jared then

i'll kill you all one day. : ... fine

but after that you can just tell michael what's happening cause dream would kill me if you hurt your wrist more

tall child: perfect

okay michael i just roundhouse kicked jared and it felt more than satisfying and now wilbur just slammed a guitar over the guy's head

musician man: that was his own guitar actually

now it's just pieces of it

tall child: sapnap brought gasoline and matches but karl isn't letting him use them

uhh fundy nearly scratched jared's eyes out and illumina just pulled a pocket knife out of nowhere and oh ew

CHILL out everyone: what

tall child: techno is individually breaking each of jared's fingers

that is not a pleasant noise

quackity just full out threatened to torture jared endlessly before settling with breaking one of his legs

#1 shark enjoyer: save some of him for me i had to pick eret up and we're on our way

tall child: corpse just started choking him ???

george took jared's phone and shattered it and is now just taunting him

tommy and tubbo tag-teamed him and almost pulled his arms out of their sockets

punz slammed jared's head into the ground

give me a crown rn: WHERE'S THE PARTY AT

i'll kill you all one day. : back of the school.

tall child: eret just kicked jared's head with her platforms

and foolish stomped on his stomach

this is getting brutal and i love it

i'll kill you all one day. : michael how's dream

CHILL out everyone: he's sleeping peacefully on my shoulder and his favorite playlist is on in the background

tall child: sapnap moved on from his arson plan and kicked jared in the ribs

sam literally pulled a chunk of hair out of jared's head

oh puffy and niki are here

i'll kill you all one day. : thank you michael

tall child: oh jeez

niki just kicked jared in the dick so hard that he's probably never having kids in the future

and puffy stomped on his hands

damn rip

peepaw: don't actually kill him that'd be too much paperwork to fill out

musician man: man that felt good

tall child: we're all leaving now

why are you colorblind :l : and they're making me anonymously call 911 so he doesn't die

not that he deserves help

me perdonas?: we were originally gonna have techno do it cause he'd sound the most normal after beating some piece of shit up but he's walking like a mile ahead of us for some reason

CHILL out everyone: i'm assuming you're all coming to dream's house

musician man: duh

arson my beloved: ^

CHILL out everyone: well make sure to clean the blood off or dream will kill you if he sees any on his bedsheets

i'll kill you all one day. : thank you for comforting him while we had some fun michael

musician man: ^

me perdonas?: ^^

arson my beloved: ^^^

CHILL out everyone: it was my pleasure

although if you see jared more injured after he's released from the hospital im not gonna pretend like it wasn't cause of me

i'll kill you all one day. : i wouldn't expect anything less

arson my beloved: GROUP CUDDLE TIME

everyone go to dream's room

why are you colorblind :| : bold of you to assume that i'm not already there

i'll kill you all one day. : you aren't already here

I was walking far ahead in front of you guys to get here first and it's only me michael and dream here rn

arson my beloved: gogy why did you lie to me

why are you colorblind :| : shush and hurry up

[Dream > Technoblade]

Dream: i know you won't see this until the morning considering that your eyes are closed

but i wanted to thank you for protecting me from jared and listening when i needed you to and i'm sorry for not telling you earlier, i didn't want you to worry

I love you <33

also if you felt that kiss on your cheek it was from me and it wasn't quackity hitting on you again
thank you again

scott gave me the mcc teams and i don't want to hear any complaining cause i didn't make them okay

big T: WOOOOOO

the BIGGEST man: YEAHHH MCC MCC

i'm alive but i'm dead: whats mcc

arson my beloved: only the best event in the history of events

loverboy <3: it's a yearly championship held by the school where everyone's put on teams of four and they have to compete in different events! there's parkour, capture the flag, a city-wide race, a mock hunger games, this building game that everyone hates, to get to the other side, which is where you get miscellaneous equipment and have to get your entire team to the other side of the gym without touching the floor, and the final game where the two winning teams compete in an archery battle

it's all spanned over a week and it's super fun!!

me perdonas?: dream i'm gonna catch you in parkour this year

loverboy <3: oh i'm sure

i'm alive but i'm dead: that sounds difficult and tiring

arson my beloved: there's a time limit on all the events and most of the time there's at least one person who doesn't finish

i'm alive but i'm dead: thats harsh

the BIGGEST man: enough chit chatting GIVE US THE TEAMS PHIL

peepaw: okay okay calm down

The first team is the Red Rabbits starring: tommy, tubbo, ranboo, and wilbur

peepaw: LOL

tall child: unpopular opinion but I don't actually think Dream and Techno are gonna win MCC. They've challenged them with an immediate disadvantage of being on a team with Michael and Burren... that's gonna be really hard no matter how good they might be

the BIGGEST man: TRUEEE

Chapter End Notes

hello everyone

I have to apologize for my brief absence, school has started back up and then the news with techno struck and everything's been a little stressful, but it's calmed down by now and we should be back to our regularly scheduled program!! I plan to continue this until I reach an end that I find suitable, so I won't just abandon it anytime soon!!!
